Address: Bangkok, Thailand
Github: <https://github.com/NICKLSODI>

Motivated Computer Science student with strong interests in cloud engineering, cybersecurity, AI, and system development. Eager to learn, contribute to real engineering workflows, and grow in a technical environment.

EXPERIENCE

- KMUTT On-Campus Professor Assistant (Web & Digital Development)**Jan 2023 - Present
- Assisted professors in organizing and supporting faculty events, providing design and technical support.
 - Built internal web tools used by faculty and staff, including a PM2.5 monitoring dashboard and an event attendance & certificate automation system.
 - Applied practical skills in React, Grafana, and MySQL in a real academic environment.
- UX/UI & Graphic Design Lead - SIT, KMUTT & Client Projects**March 2024 - Nov 2025
- Led and contributed to design work across multiple faculty events, such as SIT Open House, Mental Health Hackathon 2024 and KMUTT Job Fair 2026
 - Delivered UX design for real clients - CLUO Laundry, and designed the event logo for a Google Cloud developer event.

PROJECT

- Research Project - TCP Session Hijacking Under Latency Conditions**Oct 2025 - Nov 2025
- Built a Docker-based testbed and automated TCP hijacking using Scapy.
 - Measured how varying latency affects attacker reaction time and hijack success.
 - Analyzed results and visualized trends across latency levels using Python Matplotlib.
- Integrated Software Development Projects - SIT, KMUTT**Jan 2023 - Jun 2023
- Developed both frontend and backend features in large team projects (13 teams, 52 members), using React, Node.js, MySQL, Prisma, and Git/GitHub.
 - Built a cross-platform mobile app with Flutter, handling UI flows, logic, and API integration.

TECHNICAL SKILLS

- Programming & Scripting:** Java, Python, JavaScript, TypeScript, Bash
- Web, App & Backend Development:** React, Node.js, Flutter, REST APIs, MySQL/Prisma
- Cloud & DevOps:** AWS Cloud, Docker, Git/GitHub, Linux Administration
- Cybersecurity & Networking Tools:** Scapy, Wireshark, Linux CLI, Proxmox
- Software Engineering:** Agile development, OOP principles, System analysis & design

EDUCATION

- Bachelor of Science in Computer Science (English Program)**Aug 2023 - Present
- King Mongkut's University of Technology Thonburi (KMUTT)
- GPAX: 3.72 • Batch Secretary • Committee Member, SIT Student Association

ADDITIONAL INFORMATION

- Languages:** English (Fluent), Thai (Native)
- Certifications:** AWS Certified Cloud Practitioner, AWS Tech Alliance (ERT) - AWS Cloud & AI: Building and Scaling Agentic AI Workflows
- Participated competitions:** Women CTF Thailand (2025), Thailand Cyber Top Talent (2025), AWS Skills to Jobs CTF Competitor (2025), Huawei ICT Competition (Computing track 2025)
- Presentation & MC Skills:** 3rd Place Regional Entrepreneur Pitching (2025); TED Fund POC 2025 Startup Pitcher (Proins); MC for faculty and university activities.
